TIMING OF THE DISCLOSURE

The instant Information Disclosure Statement is believed to be filed before the mailing date of a first Office action on the merits (first scenario). If that is not the case, such as in a second scenario in which a first Office action on the merits has been mailed before the filing of the instant Information Disclosure Statement, a certification or fee is required. Applicant provides a certification below in lieu of the fee. If either the first or second scenarios are not the case, such as in a third scenario in which either a final Office Action has been mailed out by the PTO or a notice of allowance has been mailed out by the PTO, then applicant petitions to have the instant IDS considered, and also the PTO is authorized to obtain the necessary petition fee under 37 C.F.R. §1.17(i) to have the instant IDS considered, from Foley & Lardner Deposit Account #19-0741.

CERTIFICATION

The undersigned hereby certifies in accordance with 37 C.F.R. §1.97(e)(1) that each item of information contained in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than three (3) months prior to the filing of this Statement.

RELEVANCE OF EACH DOCUMENT

Documents A3-A4 were cited in a Japanese Office Action that issued on July 4, 2000, by the Japanese Patent Office with respect to a counterpart application.

Document A3 relates to a distributed time-division channel system for electronic switching system. The Japanese Patent Office describes a device which can secure a

communication path between circuit blocks by securing a communications path within a circuit block when a problem occurs, or by connecting a circuit block to a network of dedicated lines while in that state.

Document A4 relates to a telecommunications switching system. The Japanese Patent Office describes a device which makes a connection between two exchange units when a central exchange device which is always connected to an exchange unit is unable to make a connection between two exchanges units.

Applicant respectfully requests that the listed documents be considered by the Examiner and formally be made of record in the present application and that an initialed copy of Form PTO-1449 be returned in accordance with MPEP §609.

Respectfully submitted,
